### Employee of the Month:

**Tamara Cramer**  
*Front Office at PGR for 7 months*

**Premier Mission:** At PGR our main goal is to provide each child with the safest and most enjoyable environment to perform. Although, we are a gymnastics facility we strive to help children grow in other areas of their life. Gymnastics is an excellent base for all other types of sports, and develops self-confidence and the ability to work as a team. With positive reinforcement coaching, every child should be able to reach their level of excellence in a fun but learning atmosphere.
